SIR

I have the honour to state that prior to the separation of the collection branch from the Vani Vilas Water Works the Jail building proper was brought under non-domestic connections excess water charges being recovered every month giving a free allowance of 12½ gallons per convict per diem Since the actual transfer of the Revenue branch to the Municipality (i.e. from January 1928) the building is continued to be treated as non-domestic and monthly bills are being sent for excess water consumption as before

No adjustment has since been arranged by the Superintendent Mysore Jail on the contention that the building being a Government building used for residential purposes should be treated as domestic and billed for on the annual rental value according to Government Order No 4285-8/Ml 84-26-6 dated 4-7th January 1927

As a very large quantity of water is being consumed every month the Municipality will be put to considerable loss if the building is treated as domestic

3

Under these circumstances I request you to be so good as
to obtain the sanction of Government for recovering water charges
from the jail at the rate prescribed for hotels and other -
non-domestic consumers

I have the honour to be

Sir

Your most obedient servant
